UNIFORM POLICY

After extensive consultation with the Mudgee Public School students, staff and P and C, it has been established that the Mudgee Public School community believes that school uniform is a desirable feature of our school for the following reasons:

- **Safety of students** – intruders into the school grounds can be easily identified if all students wear the required school uniform. On excursions students in uniform are easily identifiable and more effectively and safely supervised.
- **To promote a positive image to our community**- the school uniform demonstrates both the pride in our school and the respect we would like to foster in the students for both the school and the community.
- **To prevent competition** – in clothing between students and provide a low cost clothing option.

The Mudgee Public School community has therefore determined that this school is a uniform school. Students are required to wear full school uniform every day. It is expected that a student will bring a written explanation from their parent/carer on each occasion they are out of uniform

ASSISTANCE AVAILABLE

The **Student Assistance Scheme** will provide assistance for families experiencing financial difficulties to purchase uniforms. Confidential applications are made through the Principal.
